Our circus classes are a fun way for the children to develop motor skills, physical confidence, strength, flexibility and balance. To ensure your child’s safety, it is your responsibility to inform us about any injuries before your child starts circus and any that occur during the year.

Child’s name
(one form per child)

☐ My child has not had a previous serious injury and has no ongoing medical condition that would affect their balance or that could be made worse by taking part in circus.

☐ My child has had an injury/injuries in the past and I have drawn an arrow pointing to the injured area, and described the injury and when it occurred. (continue on reverse if needed)

☐ My child has an existing condition that you should be aware of to give my child the best care and development. Please provide details (continue on reverse if needed):

You must tell us of any new injury that could be made worse by circus activities or lead to further injury. Examples are: sore shoulders, knees, ankles or head injury.

Permission statement
I understand that circus activities involve inherent risks, dangers and hazards that are associated with unique movement patterns and skills, which may, in some circumstances be executed on specialized apparatus. I acknowledge that personal harm or injury may be sustained during my child’s involvement in this activity and declare that I accept full responsibility for my child’s safety. I understand clearly that by signing this registration form, I acknowledge the potential risks and consent to my child’s participation.

I have read and understood the above and I allow my child to participate in circus classes until the end of the year, or until I revoke this permission in writing.
