## Fee schedule 2017

### How to pay

By enrolling your child in our school, you enter into a contract committing to pay any fees incurred. Ideally families pay for each term up front, however if this is not possible, we ask that you set up a regular direct debit to ensure that fees are paid in full by the end of term.

We recommend setting up a direct debit of about \$65/week for each child. (This is reduced to \$30/week if families participate in roster, cleaning and work days.)

Our bank account is **Summerland Credit Union, BSB 728-728, Account number 22201729.**

When making a payment to the bank, please be sure to put **your child's name** and **fees** in the description so that the money can be correctly attributed.
