

How to pay

By enrolling your child in our school, you enter into a contract committing to pay any fees incurred. Ideally families pay for each term up front, however if this is not possible, we ask that you set up a regular direct debit to ensure that fees are paid in full by the end of term.

We recommend setting up a direct debit of about \$65/week for each child. (This is reduced to \$40/week if families participate in roster and workdays.)

Our bank account is **Summerland Credit Union, BSB 728-728, Account number 22201729.**

When making a payment to the bank, please be sure to put **your child's name** and **fees** in the description so that the money can be correctly attributed.

Fees and other costs

There are various fees per family and per child which are charged once, annually and per term. In addition, we offer optional lunches and excursions. The following explains how we calculate fees but to find out exactly how much you owe, refer to your invoice or speak to the Treasurer.
